

7th Asia - Pacific Symposium on Radiochemistry 2021

September 19 (Sun) - 24 (Fri)
Koriyama/Fukushima, Japan

10 years from Fukushima

Discuss any topics in radiochemistry in Fukushima

Koriyama City in Fukushima and Mt. Adatara

Researches from any countries are welcome

Scope:

- 10 years from Fukushima NPP accident
- Nihonium (Nh) and trans-U elements
- Nuclear chemistry
- Actinide chemistry
- Nuclear probe in chemistry
- Activation analysis
- Nuclear forensics
- Radiopharmaceutical chemistry
- Environmental radiochemistry

Excursion:

- Visit to Fukushima Dai-ichi Nuclear Power Plant site

Koriyama Auditorium

Contact: Yoshio Takahashi (The Univ. of Tokyo)
E-mail: ytakaha@eps.s.u-tokyo.ac.jp
